Profile

Junior web developer with experience writing clean and efficient code to create responsive, well-designed web applications.

Education

March 2022
Full Stack Web Development Certification • Texas A&M International University

June 2011
Master of Public Administration • Evans School of Public Affairs, University of Washington

Experience

July 2016—Present
Internet Search Analyst • RaterLabs • Virginia Beach, VA
Analyze and rate quality and accuracy of web content. Rate pages based on quality and design of web content, including mobile and desktop responsiveness and user-friendly interface. Analyze web content for reliability of sources/information.

August 2010—June 2011
Policy Analyst Intern • League of Education Voters • Seattle, WA
Co-authored a proposal for the Washington State Senate Early Learning Technical Working Group to expand prekindergarten access in WA. Compiled statistics and financial data on prekindergarten benefits, gathered qualitative data through interviews with experts. Conducted a cost-benefit analysis of prekindergarten roll-out options.

June 2010—August 2010
Research Assistant Intern • Alliance for a Just Society • Seattle, WA
Wrote and edited Native Health Underfunded & Promises Unfulfilled: The Importance of Investing in the Indian Health Service.

April 2008—April 2009
Mentor Program Coordinator • Communities In Schools • Federal Way, WA
Managed volunteer mentoring program, recruited and trained mentors and developed program promotional and training materials, created and updated mentor databases.
